

Parent/Teen Contract

We, the undersigned, realize that driving a motorized vehicle is one of the most hazardous tasks we will perform in our lifetime. To demonstrate our concern for each other as well as to help reduce the driving risk for a novice driver, we enter into this binding agreement. Our goals are: 1) to promote safe driving techniques, 2) to operate the family vehicle economically with due regard for the environment, and 3) to become responsible road users in the Highway Transportation System.

PARENTS/GUARDIANS

To help achieve these goals, we promise to:

- Set a good example of safe driving
- Provide at least 50 hours of supervised practice driving in the family vehicle before being allowed to drive alone
- After licensing, provide additional supervised driving experiences
- Establish and maintain reasonable guidelines for use of family vehicles
- Enforce the guidelines listed below, promptly, fairly, and consistently
- Provide transportation back home at any time from any place
- To restrict passengers to family members for the first 1000 miles of driving alone

TEENAGER

In return for the privilege of using the family vehicle as a novice driver, I agree to abide by the following guidelines:

- Attend school regularly and maintain a passing grade point average
- Accept additional driving restrictions if my grades fall below passing
- Help maintain and clean the family vehicle
- Always wear safety belts and require all passengers to do likewise
- Always drive using the safe driving techniques I have been taught
- Inform a family member of my whereabouts and the time of return
- Never drive under the influence of alcohol or other drugs
- Call home for transportation if I become impaired or the driver I was to ride with becomes impaired
- Pay any personal traffic violation fines

Finally, we jointly affirm our respect for traffic laws, our respect for each other, and our respect for ourselves.
