

## **\*\*\*COMMUNITY SUPPORT\*\*\***

We were pleased to sponsor the first 30 students that register at Cooper High School with free classroom education for our March 30th start date only! Students needed to enroll in 6hrs of behind the wheel training to be issued out the certificate of enrollment (Blue Slip) in order to receive the permit test administered by the State of MN. We also reduced the amount of Behind the wheel Training for 6hrs from \$300 to \$285. On top of this, we are still supporting District 281 by giving back to the District \$25 per student as we have always done for the last 5 years. We do have payment plan options as well to help out our student body at Cooper High School. With the amount of overhead cost to support the classroom education, we will only be able to offer this special once this year and it was for our classes beginning at Cooper High School on March 30th only. We hope that by accepting our donations, families throughout the community, who may be struggling in this current economy, may still receive a traffic safety education.
